

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg.
Number:

279-3635

Date of Issuance:

6/27/19

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

F7180-13 Insecticide

Name and Address of Registrant (include ZIP Code):

FMC
2929 Walnut Street
Philadelphia, PA 19104

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Venus Eagle, Product Manager 01
Invertebrate and Vertebrate Branch 3, Registration Division (7505P)

Date:

6/27/19

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 279-3635.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 2/20/18

If you have any questions, please contact Marianne Lewis by phone at (703) 308-8043 or via email at lewis.marianne@epa.gov

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin and clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals and aquatic invertebrates. This product is very toxic to bees.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling.

Target Pests

F7180-13 Insecticide kills filth flies, [house flies], [lesser house flies], [blow flies], [bottle flies], [flesh flies], [phorid flies], [fungus gnats], [vinegar (fruit) flies], [and] [stable flies].

Mode of Action

Flies land on the F7180-13 Insecticide surface, ingest the coating and start to die within 1 minute. Flies do not stick to F7180-13. No fumes or vapors are released.

Dead flies may be removed with suitable equipment, such as a brush or broom or by vacuuming, and disposed of in the trash. If a catch vessel is placed under device to catch dead flies, they should be removed on a routine basis or when full.

Use Areas

F7180-13 Insecticide is to be used in and around the perimeter of indoor and outdoor animal facilities, agricultural buildings, commercial buildings where flies are a nuisance including commercial facilities used for housing, boarding, and/or rearing animals and facilities where food and feed are processed or stored (including meat, dairy, poultry and eggs).

Such areas include stables, barns (including dairy barns), poultry houses, swine houses, feedlots, kennels, [fences encircling] outdoor animal areas such as paddocks, runs and grazing areas, loafing sheds, zoos, aviaries, cargo area of animal transport vehicles and trailers, tack rooms, barn offices, garages, trash [garbage] areas, trash [garbage] chutes, refuse & recycling facilities, commercial food handling facilities, animal enclosures (pens, stalls and cages), manure collection areas, animal feeding & feed storage areas, slaughter houses, breezeways, loading docks, portable toilets or restroom facilities.

Use Rate

The number of F7180-13 Insecticide panels to use is based on the size of the area where flies are found. For stable flies, use one panel per 400 square feet. For other labeled flies, use one panel per 1,875 square feet. Use up to five panels for heavy infestations.

Restrictions

- Not for residential use
- Do not use on sky lights
- Do not handle F7180-13 Insecticide with wet hands.
- Do not allow children to handle F7180-13 Insecticide or let pets come in contact with them.
- Do not place F7180-13 Insecticide directly above areas where food or feed is stored, prepared or eaten.
- In animal facilities, livestock premises, do not place F7180-13 Insecticide where animals, children or pets may come into contact with them.
- Do not put F7180-13 Insecticide on animals, food and watering equipment, or milking equipment.

Use Directions

F7180-13 Insecticide has an insecticide coating only on one side. The other side has an adhesive surface for attachment to suitable surfaces. Both front and back surfaces are covered by protective peel-off sheets. Remove the protective peel-off sheet from the insecticide-treated surface only after the panel has been placed in the desired treatment location. Avoid touching the insecticide-treated surface.

Handle F7180-13 Insecticide panel with dry hands. Remove the F7180-13 Insecticide panel from the protective pouch. Handle by grasping corner tabs.

To Adhere to Suitable Surface:

First remove protective sheet on adhesive side of F7180-13 Insecticide and apply to selected surface. Once panel is adhered, expose insecticide-coated surface by removing protective sheet.

To Hang:

F7180-13 Insecticide may be hung as single or double-sided flat panels, or formed into a 3-D cylinder.

For single-sided flat panel, first insert wire or string in holes in F7180-13 Insecticide panels. Hang F7180-13 Insecticide panels in desired location before removing protective sheet to expose insecticide-coated surface. Do not remove protective sheet to expose adhesive surface.

For double-sided flat panel, remove the protective sheet on adhesive surfaces of two panels and join together back-to-back. Hang in desired location, then remove protective sheet to expose insecticide-coated surface on both panels.

For 3-D cylinder, form a F7180-13 Insecticide panel into a cylinder with the insecticide-coated surface facing out. Fasten edges together. Hang in desired location, then remove protective sheet to expose insecticide-coated surface. If fasteners such as staples or paperclips are used, discard in the trash after use, do not reuse them for any other purpose.

For Placement

F7180-13 Insecticide may be hung with string or wire or attached to suitable surfaces using the built-in adhesive coating.

Place F7180-13 Insecticide where flies are observed to feed, breed, rest or congregate (such as ceilings, rafters, trusses, and near wet animal feed), where adult flies are seen to emerge, and where flies can enter treatment area, such as doors and windows.

Do not hang F7180-13 Insecticide in windy areas, as flies will not land on moving objects. In forced ventilation animal houses, place F7180-13 Insecticide in dead air space, such as on the down-wind side of posts. Keep stickers dry after application. When placed outdoors, place F7180-13 Insecticide so that it is protected from rain, moisture and direct sunlight.

For stable fly control, place F7180-13 Insecticide at a height of 3 feet or less, as close as possible to animals in stables or barns, but keep out of their reach.

Replacement

Replace after 8 weeks [2 months] or when effectiveness is observed to decline. Variations in environmental conditions (such as temperature, humidity, air-borne dust, grease and other contaminants) and pest pressure can affect the amount of time before the sticker needs to be replaced. Replace panels that have become wet or heavily soiled. Do not wet or wipe F7180-13 Insecticide after application.

Effectiveness of F7180-13 Insecticide may be checked by observation of dead flies and reduced fly population in treated area. Observation can be facilitated by placing a catchment vessel under the device.

Storage and Disposal:

Do not contaminate water, food, or feed by storage or disposal

Storage:	Store in original container in a cool, dry place out of the reach of children.
Pesticide Disposal:	To avoid waste, use all material in this container by application according to label directions. Wrap used F7180-13 Insecticide in paper and dispose in trash.
Container Disposal:	Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of in trash.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions beyond the control of FMC or Seller. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and User, and Buyer and User agree to hold FMC and Seller harmless for any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the directions under normal conditions of use. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, FMC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) seller or FMC, and buyer assumes the risk of any such use.

To the extent consistent with applicable law, FMC or seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF FMC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF FMC OR SELLER, THE REPLACEMENT OF THE PRODUCT.

This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.
